The following is an examiner's statement of reasons for allowance: None of the prior teaches or suggests a method of forming a capacitor including forming a lower electrode, forming a first insulating film by an ALD process using a metal-containing organic compound having one metal and an oxidizing agent to form a first metal oxide film on the lower electrode, treating the first metal oxide with a heat treatment in an oxidizing ambient to remove residual carbon resulting in the formation of the first insulating film, forming a second insulting film by an ALD process using a metal-containing compound having a metal different than the first and an oxidizing agent to form a second insulating film on the first insulating film and forming an upper electrode on the structure, also the two insulating films may be made in reverse order.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kevin M. Picardat whose telephone number is 571-272-1841. The examiner can normally be reached on Monday-Thursday 7:00-5:30.
